

The God Who Keeps His Promise

Joshua 13

The Lord alone provides His people with...

1. _____ (vs 1-7)

2. _____ (vs 8-33)

FOR FURTHER THOUGHT:

1. We are told in Joshua 13:1 that Joshua was old and there was still a lot more to be done. What are some possible 'limits' that you are tempted to claim that you believe would limit God's power? (For example, old age, poor location...)
2. Take some time to look through the first 12 chapters of Joshua. What are some of the things that God accomplished? What sticks out to you? Why?
3. Why is the recounting of God's past acts of faithfulness so important? Take a moment to reflect and share a few specific examples from scripture and your own life?
4. We find evidence of the people's unfaithfulness in Joshua 13:13 (also 15:63; 16:10; 17:12-13). What led to this and why was it a problem?
5. If you are a Christian, you have received an inheritance. How does that reality impact how you live your life today? (See Philippians 3:12-20)
